View 1 comment. I wrote the book as a tribute of sorts to my dog, but it's really the story of how pets can complete a family, even one that's been devastated. Another time the fox again asked the hedgehog to go with her the vineyard and eat grapes.

I hid in the down under for days and days and kept the door closed, which is why I was forced to pick up the pieces and raise my children alone, which I did for 10 years before remarrying. I read this book with my sixth grade class and when I passed out the books they said they thought it was going to be cheesy and kind of dumb. Don't have a Kindle? How many tricks do you understand?
