This makes it critical to test for and ask people about all potentially relevant
The identification of major depression is based not only on
its severity but also on persistence, the presence of other
symptoms, and the degree of functional and social impairment.

showed a diplomatic talent, unusual among German officers of
the old school, in dealing with democratic deputies who were
inclined to ask awkward questions regarding increases in the
military budget, and the reasons why an army limited in size
required such a disproportionately large framework of staff
and instructional cadres.
