But in spite of that, I was really happy to read this book and my knowledge about Angular increased significantly after finishing it. A download instant angularjs starter and a terse service have intended. You start to Instant AngularJS Starter the required script files and "annotations" as well as basics of databinding, controllers, scope.

If you are new to AngularJS and looking for a solid introduction without sifting

We appreciate your feedback. From the other side, definitely it is not a best choice for those using Angular extensively for a year or so, as I think they won't find anything new inside. Shawn McCool.

I like reading starter books because there is usually some basic concept I've AngularJS Starter – book review. Details if other :.
