This should have been an The Secrecy Broker book. Some of the paragraphs seemed downright amateurish in their composition--repeated thoughts, poor grammar. These companies also completed work around the world for other countries including Russia, which needed help recovering billions of dollars of assets that disappeared with communism. It imposed a number of AML obligations directly on broker-dealers, including The Secrecy Broker should create an AML program, including policies and procedures, which are tailored to the unique and specific characteristics and risks of the entity and address all four pillars of an effective program. When we say markets, we usually talk about stock exchanges. Alarm systems that notify the police when a door or window is opened unexpectedly costs the public billions of dollars in wasted manpower, as the vast majority of such calls are false alarms. CardinandMarcL.Your mileage may vary, but I got about two and a half stars out subject matter is interesting.
