In this balzacian tale, the city appears as the space of change. The essays in this proposed volume will speak to ways current students will be helped in understanding these things as well as learning about more narrowly focused topics. As I have already stated, what she claims to be her most significant innovation was to have killed off her heroine in the first pages of the novel; yet the novel is nonetheless concerned with her throughout—hence the necessity of the ghost and eventually a double. Gallimard, p. He wanted, he intended, he had arranged to weep. Michel Maffesoli, *Au creux des apparences*.
