I notice that as a result I am more impulsive. I assume that this kind of irresponsibility is widespread. Articles become known through citation for a single contribution to knowledge: either a new method or a surprising result, but never . Thefutureisbrimmingwithopportunities,andthefutureoftheInternethas The average modern mind has a poorly trained long-term memory, forgets rather quickly, and searches for information more in outside sources such as books instead inside memory. Most of us can no longer memorize hour-long folktales and songs as in an oral tradition. Last decade I spent cocooned, quietly thinking about approaches, solutions, ideas. Sometimes,whenworkingonanobstinatelyanalogprocesssuchastheactualf what do you do? We are becoming continually sleep deprived

Following from the earlier observation that we tend to rarely disconnect from our personal devices, it must also be highlighted that those devices can affect our sleep.
