The title of this book has a double meaning: on the one hand, it deals with two very different societies both of which made iron in the early modern period. As Table 4 illustrates, 30 out of the 38 elections that concluded the competitions of the political parties resulted in the replacement of the incumbent governing political power, party or coalition. There are many causes of the problems and difficulties suffered by the people of Central Eastern Europe. Itwasalsorootedinmythslike.Anyone who fails to take account of this may likewise fail to understand what lay behind the beginnings of the Third Polish Republic and of other states in east central Europe. This vision of the area has been created in large measure by the writing of women travelers such as those represented in this volume.
